

ALL TOGETHER, BOYS,  
THE FINCHES ARE SINGING!

Sure Thing Spring Time Tip on Staten Island—and a Violet on the Golf Links.

The high winds of yesterday, following a December, January and early February worthy of Southern California and followed by today's wonderful sunshine, are declared by the oldest inhabitants of Staten Island to be sure signs of an airy spring and a record-breaking summer.

Spring broke out on Saturday all over the island.

On the Scott farm at South Beach was seen a goldfinch, making three and four at each dip making three distinct "twit" notes.

Mr. Goldfinch was accompanied by Mrs. Goldfinch.

They alighted in a tall elm. Mr.

Goldfinch attempted to sing. His effort recalled the classic couplet of one of Staten Island's ancient bards:

The first bird of spring  
Attempted to sing,  
But ere it had sounded a note  
It fell from the limb  
A dead bird was him  
The music had friz in its throat.

On the golf course of the Denham Hills Country Club there was a violet in full leaf and two almost opened buds.

## WILLIAMS HEARD IN SECRET.

Comptroller Testifies Before Senators Considering Renomination.

WASHINGTON, Feb. 17.—John Skelton Williams was given a hearing in executive session today by the Senate Banking Committee, considering his renomination as Comptroller of the currency. Charges that Mr. Williams sought to prevent bankers from appearing in opposition to his nomination and showed favoritism in the conduct of his office have been made before the committee by Wade Cooper, a Washington banker.

## Touch Toes Fifty Times.

Fine exercise! Keeps skin clear and complexion rosy by forcing the delayed food, poisons and waste from the stomach, liver and bowels. Splendid!

But most people take their exercise in an easy chair. They become headachy, bilious, sallow, dyspeptic, constipated. Such folks must take Cascarets occasionally. No other cathartic or laxative "works" like harmless Cascarets. They act on the bile-clogged liver and constipated bowels gently—no inconvenience! Cascarets cost only 10 cents a box.—Advt.

**NOTE TO DRUGGISTS**—The Prohibition wave and quick ratification by the States of the "Bone Dry" Amendment to the Constitution are making an unprecedented demand for ORRINE. Jobbers' stocks are about depleted. We are arranging to supply these first, therefore we suggest you place your order with your jobber instead of sending direct to us. Shipments are being made in order received.

## Get on the Water Wagon With ORRINE Now!

### Prepare for Prohibition!

"I'd have given my right arm to get on the wagon," he often declared, "but somehow or other I couldn't do it."

"For years I'd been kidding myself into believing I could quit without trouble. I couldn't—drunk had become a disease, a disease that needs treatment the same as any other body and brain wasting disease."

"Nobody will ever know how I suffered—how I fought to master this terrible affliction. For two or three days I'd stay sober, patting myself on the back for having such will power, and then—well, I'd meet a bunch of the boys somewhere. 'Come on, Jones, have a little brace!' 'Not for me—I'm off that stuff!' I'd say, and all the time the appetite was urging me relentlessly. 'Just one, old man—don't be a piker and spoil the party!' 'All right—just one.'"

"That was the start. As the liquor trickled down my parched throat, I told myself I could drink all I wanted within reason, that booze didn't have a strange hold on me, that I'd only take a few, then climb back on the seat and stay there."

"For a long time I fooled myself. My good job finally went, a fair job went the same way—I was a booze fighter and couldn't be trusted. My friends dropped off one by one. My wife left me. I was down and out!"

"Then I heard of ORRINE. I bought a package of the Voluntary Treatment No. 2, assuring myself I was a fool for thinking it would help me. But I took the treatment just the same—you know, willing to try anything once!"

"Soon the gnawing craving let up a bit; after awhile it left me entirely. My better self came back. My pride reformed. I was again a man. Got a job, held it, worked hard, eventually got up again in the world and won back my wife's love and respect—found happiness."

There are thousands and thousands of men and women who want to get back into life's sunshine, freed of the curse of drink!

For drink is a disease—don't make the mistake of thinking it isn't—a disease that ORRINE has been fighting successfully for more than twenty years.

## Invitation to Mothers, Wives and Sisters

If you are interested in anyone who should use ORRINE, we cordially invite you to write to us. All correspondence is confidential and our replies to letters are sent in plain, sealed envelopes. We make no charge for advice.

## ROAD BUILDING FOR IDLE.

Labor Department Urges Carrying Out Government Aid Projects.

WASHINGTON, Feb. 17.—Immediate construction of hard surfaced roads throughout the country was urged by the Labor Department today as a means of relieving the unemployment situation. Although \$18,500,000 of Government money is available to assist in the work, only 45 miles of roads have been completed under the plan of the Government. States and counties sharing in the cost. About \$200,000,000 more soon will be appropriated, it is expected.

The Government has approved 760 road building projects, totaling 7,800 miles, and it is this work that the department is anxious to start at once.

BROOKLYN TO ERECT  
THREE MEMORIALS  
TO ITS HERO BOYS

A New Batch of Resignations Announced From Victory Celebration Committee.

While Borough President Riegelmann and the new leaders of the Brooklyn Victory Celebration continued today to be silent on the subject of a permanent memorial to the sons of Brooklyn who gave their lives to their country in the great war three localities of the borough initiated permanent memorial movements on their own account.

Residents of Ridgewood have named a finance committee to raise \$35,000 for the erection of a memorial. A committee on site has been designated.

United States District Attorney Melville J. France is Chairman and William J. Ward of the Coney Island Board of Trade is Secretary of a Memorial Committee named for the Flatbush-Coney Island section. A monument to cost \$15,000 will be put up, it is said, at the foot of Ocean Parkway.

Members of the Flatbush Terrace Association in the Flatbush section have named a Memorial Committee of which Clarence W. Waterman is Chairman. This committee of five will be enlarged as the plan develops. Chairman Waterman recently resigned as one of the Vice Presidents of the Victory Celebration Committee.

The Permanent Memorial Sub-Committee of the Victory Celebration Committee having resigned in a body Borough President Riegelmann was asked today whether he will pick their successors or has made any attempt in that direction. Mr. Riegelmann refused to discuss the matter, referring inquiries to Congressman Louis J. McAdams, the borough Chairman.

At a late hour this afternoon Chairman McAdams had not shown up at committee headquarters in the Chamber of Commerce Building. He was said to be down the bay, welcoming soldiers.

The forenoon resignations from the Riegelmann-DeLong Committee included Justice William D. Siegel of the Sixth District Municipal Court, Albert Behrend, No. 273 Decatur Street; Harry W. Taylor, No. 1187 Brooklyn Avenue; A. M. Edwards, Secretary of a large sheet metal company; C. M. Camp, a Manhattan attorney residing in Brooklyn; Mortimer W. Byers, another attorney; and William Ferguson, Chairman of Local Draft Board No. 27.

MONTREAL, Feb. 17.—Jean Baptiste Canadian ("The John"), an Inuit Indian, who with a party of men in whale boats tried to rescue the survivors of the Nile and for a long time fought to assist Gen. Gordon in Khartoum in 1898, is dead at his home in Canada.

## Vice Admiral Wilson Coming Home.

WASHINGTON, Feb. 17.—Vice Admiral Henry T. Wilson, who has been ill with pneumonia at Brest, is now en route. The Navy Department was

notified today that he would return to the United States on the battleship New Mexico, which is to sail soon.

WORLD'S LEADING  
MEDICAL AUTHORITIES

Endorse Value of Such Ingredients as Are Contained in Father John's Medicine

## A Wholesome Food Medicine and Body Builder

Free From Alcohol and Dangerous Drugs—60 Years in Use—Guaranteed

The most eminent medical authorities, recognized all over the world as the highest in the science of medicine, have made public statements endorsing the value of such ingredients as we guarantee are the principal ingredients of Father John's Medicine.

High medical authorities say "that these ingredients are beneficial notably in wasting diseases which are curable and those maladies which are connected with or have their origin in colds and debilitating and wasting diseases."

To give these statements in full would take too much space, but we will furnish on application the list of ingredients of Father John's Medicine, the names of the medical authorities referred to, what they say, the publications and the dates of same.

Never wait for a cold to wear off—it wears away the lungs instead. Neglected colds often lead to pneumonia. Father John's Medicine gives prompt relief from colds and throat troubles.

Guaranteed free from alcohol and nerve-debilitating drugs upon which many medicines depend for their temporary effect, and which are dangerous, because they weaken the body and allow the disease to get a deeper hold.—Advt.

'FLU' GERM ISOLATED,  
SAYS AMERICAN DOCTOR

Western Scientist Believes Inoculation With Serum Will Prevent Disease.

PASCO, Wash., Feb. 17.—After making microscopic and other tests while treating more than 2,500 cases of influenza, Dr. Henry B. O'Brien, the City and County Physician, announces that he has isolated the bacillus of influenza. If Dr. O'Brien's belief is confirmed by further scientific investigation it will be possible to prevent or cure influenza

by inoculation with a serum prepared from the bacillus of the disease, just as typhoid fever is prevented by inoculation and smallpox by vaccination, scientists declare.

Dr. O'Brien asserts that, as in typhoid fever, discharges from patients suffering from influenza carry the contagion, and so does contaminated drinking water. He says the bacillus of influenza closely resembles in every respect the germ of typhoid fever and that of tuberculosis.
